#### What you must do to comply with the law

The report may include **Contraventions** - matters which do not comply with the law . You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with <u>straight away</u>.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next 2 months.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information**, **Recommendations** of good practice and reminders of **Legal Requirements**.

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

## **FOOD SAFETY**

# How we calculate your Food Hygiene Rating:

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area				You Score					
Food Hygiene and Safety				0	5	10	15	20	25
Structure and Cleaning				0	5	10	15	20	25
Confidence in management & control systems				0	5	10	15	20	30
Your Total score	0 - 15	20	25 - 30		35 - 40		45 - 50		> 50
Your Worst score	5	10	10		15		20		-
Your Rating is	5	4	3		2		1		0

Your Food Hygiene Rating is 4 - a good standard

#### 1. Food Hygiene and Safety

Food hygiene standards are high. You demonstrated a very good standard of compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. Some minor contraventions require your attention. (**Score 5**)

## Hand-washing

**Contravention** The following indicated that hand-washing was not suitably managed::

- equipment was seen draining in the wash hand basin
- the hot water was too hot for comfortable hand washing

**Legal Requirement** An adequate number of wash hand basins must be available for use, they must be suitably located and designated for cleaning hands.

#### Personal Hygiene

**Observation** I was pleased to see that standards of personal hygiene were high.

#### Unfit food

**Contravention** The following food was unfit (and was seized or destroyed in my presence) because it was past its USE BY date:

- packaged salad
- a carton of milk

**Legal Requirement** Any food which is found at your food premises is presumed to be intended for sale and must comply with the law.

**Information** High risk items have a use by date. After this date you must not sell, use or intend to these foods. Make sure you have regular checks in place to remove out of date items

## 2. Structure and Cleaning

The structure facilities and standard of cleaning and maintenance are of a generally satisfactory standard but there are some repairs and/or improvements which are required in order for you to comply with the law. Pest control and waste disposal provisions are adequate. The contraventions require your attention; although not critical to food safety they may become so if not addressed. (**Score 10**)

## Cleaning of Structure

**Contravention** The following items were dirty and require more frequent and thorough cleaning:

- around equipment feet
- behind and under equipment
- hand contact surfaces such as light switches and door handles

**Contravention** The following items could not be effectively cleaned and must be covered, made non-absorbent or replaced:

• mdf or chipboard shelves

#### Maintenance

**Contravention** The following had not been suitably maintained and must be repaired or replaced:

- wall cladding damaged
- · floor surfaces damaged
- coving loose at wall floor junction
- paint work worn or peeling
- fluid leaking from ceiling in walk-in chiller
- duct tape used to cover damage surfaces in walk-in fridge

# Pest Control

**Contravention** Pest proofing is inadequate particularly in the following areas:

no fly screens to the windows

## 3. Confidence in Management

A food safety management system is in place and you demonstrate a very good standard of compliance with the law. You have a good track record. There are some minor contraventions which require your attention. Your staff are suitably supervised and trained. Your records are appropriate and generally maintained. (Score 5)

# Proving Your Arrangements are Working Well

**Contravention** You are not working to the following safe methods in your SFBB pack:

- cleaning / clear and clean as you go
- maintenance / pest control

# Traceability

**Observation** Your records were such that food could easily be traced back to its supplier.

#### Waste Food and other Refuse

**Observation** You had measures in place to dispose of waste food appropriately and were employing the services of an approved waste contractor.

#### Training

**Contravention** The following evidence indicates there is a staff training need as food handlers:

- did not understand the opening and closing checks
- food that was passed its USE BY date was found

#### Allergens

**Observation** You had identified the presence of allergens in your non-prepacked food and had brought this to the attention of your customers.

**Observation** You had devised a chart listing all the food you provide with the allergens present in each and had brought this to the attention of your staff and customers.
