## Food Premises Inspection Report

Name of business:	Ketts Hill Bakery
Address of food business:	Bowthorpe Main Centre Wendene Norwich NR5 9HA
Date of inspection:	21/08/2024
Risk rating reference:	24/00357/FOOD
Premises reference:	18090/4000/0/010
Type of premises:	Bakers shop - retail
Areas inspected:	Prep Room, Servery
Records examined:	Pest Control Report, SFBB
Details of samples procured:	None
Summary of action taken:	Informal
General description of business:	Bakery with retail shop

### **Relevant Legislation**

Food Safety Act 1990 (as amended) Regulation (EC) No 178/2002 applied by The General Food Regulations 2004 (as amended) Regulation (EC) No 852/2004 and No 853/2004 applied by Regulation 19 (1) of the Food Safety and Hygiene (England) Regulations 2013 Health and Safety at Work etc. Act 1974 and related regulations Food Information Regulations 2014

## What you must do to comply with the law

The report may include **Contraventions** - matters which do not comply with the law . You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with <u>straight away</u>.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next <u>2 months</u>.

Health and safety contraventions should be dealt with within <u>3 months</u> unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information**, **Recommendations** of good practice and reminders of **Legal Requirements**.

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

# FOOD SAFETY

### How we calculate your Food Hygiene Rating:

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area				You Score					
Food Hygiene and Safety				0	5	10	15	20	25
Structure and Cleaning				0	5	10	15	20	25
Confidence in management & control systems				0	5	10	15	20	30
Your Total score	0 - 15	20	25 - 30		35 - 40		45 - 50		> 50
four rotal score	0 - 15	20	25 - 30		35 - 40		45 - 50		> 30
Your Worst score	5	10	10		15		20		
			<b>-</b>						
Your Rating is	5	4	3		2		1		0

Your Food Hygiene Rating is 4 - a good standard

# 1. Food Hygiene and Safety

Food Hygiene standards are excellent. You demonstrated full compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. **(Score 0)** 

### Contamination risks

**Observation** I was pleased to see you were able to demonstrate effective controls to prevent cross-contamination.

### Hand-washing

**Observation** I was pleased to see handwashing was well managed.

## Personal Hygiene

**Contravention** The following are examples of poor personal hygiene or where it was made difficult for food handlers to maintain sufficiently high standards of personal cleanliness:

• food handlers were not wearing suitable protective clothing

**Legal Requirement** All persons in food handling areas must wear suitable, clean, and where appropriate protective clothing.

## Temperature Control

**Observation** I was pleased to see you were able to limit bacterial growth and/or survival by applying appropriate temperature controls at points critical to food safety and that you were monitoring temperatures.

# 2. Structure and Cleaning

The structure facilities and standard of cleaning and maintenance are of a generally satisfactory standard but there are some repairs and/or improvements which are required in order for you to comply with the law. Pest control and waste disposal provisions are adequate. The contraventions require your attention; although not critical to food safety they may become so if not addressed. **(Score 10)** 

### Cleaning of Structure

**Contravention** The following items were dirty and require more frequent and thorough cleaning:

• flooring behind and underneath equipment

### Cleaning of Equipment and Food Contact Surfaces

**Contravention** The following items are dirty and must be cleaned:

- underneath towel dispensers
- seals to fridges/freezers
- interior bottom to upright freezer
- interior ceiling to microwave
- legs to equipment
- wheels to equipment

## Cleaning Chemicals / Materials / Equipment and Methods

**Observation** I was pleased to see that the premises was kept clean and that your cleaning materials, methods and equipment were able to minimise the spread of harmful bacteria between surfaces.

### Maintenance

**Contravention** The following had not been suitably maintained and must be repaired or replaced:

- walls damaged
- damage to door surround
- damage to ceiling

# Pest Control

**Contravention** Pest proofing is inadequate particularly in the following areas

• no pest proof door screen (required if you leave the external door open)

## 3. Confidence in Management

A food safety management system is in place and you demonstrate a very good standard of compliance with the law. You have a good track record. There are some minor contraventions which require your attention. **(Score 5)** 

## Type of Food Safety Management System Required

**Observation** Your SFBB/food safety management system was in place and working well. I was confident you had effective control over hazards to food.

**Observation** You were monitoring (and recording) the temperatures of your fridges and freezers as well as the temperature of cooked/hot-held food and could demonstrate effective systems for controlling bacterial growth and survival.

## Proving Your Arrangements are Working Well

**Contravention** You are not working to the following safe methods in your SFBB pack:

- cleaning schedule
- maintenance / pest control

## Waste Food and other Refuse

**Observation** You had measures in place to dispose of waste food appropriately and were employing the services of an approved waste contractor.

## <u>Training</u>

**Recommendation** A Level 2 Award in Food Safety in Catering or its equivalent (a 6-hour course leading to the award of a recognised certificate in food hygiene) would be appropriate for your food handlers. Booking details for the equivalent CIEH course are on our website: www.norwich.gov.uk

**Recommendation** A Level 3 Award for Supervising Food Safety in Catering would be appropriate for your supervisory staff and those with managerial responsibility.

**Recommendation** Catering staff should refresh their food hygiene knowledge every 3 years so that they stay up to date with current legislation and good practice. Booking details for this course are on our website: www.norwich.gov.uk
