**What you must do to comply with the law**

The report may include **Contraventions** - matters which do not comply with the law . You must address all of the contraventions identified; failure to do so could result in legal action being taken against you.

As a guide, contraventions relating to cleaning, temperature control and poor practice, should be dealt with straight away.

Contraventions relating to structural repairs, your food safety management system and staff training, should be completed within the next 2 months.

Health and safety contraventions should be dealt with within 3 months unless otherwise stated.

To assist you the report may also include **Observations** of current practice, useful **Information, Recommendations** of good practice and reminders of **Legal Requirements**.

My inspection was not intended to identify every contravention of the law and only covers those areas, practices and procedures examined at the time of the inspection. If the report fails to mention a particular matter this does not mean you have necessarily complied with the law.

## FOOD SAFETY

### How we calculate your Food Hygiene Rating:

The food safety section has been divided into the three areas which you are scored against for the hygiene rating: 1. food hygiene and safety procedures, 2. structural requirements and 3. confidence in management/control procedures. Each section begins with a summary of what was observed and the score you have been given. Details of how these scores combine to produce your overall food hygiene rating are shown in the table.

Compliance Area	You Score					
Food Hygiene and Safety	0	5	10	15	20	25
Structure and Cleaning	0	5	10	15	20	25
Confidence in management & control systems	0	5	10	15	20	30
<b>Your Total score</b>	<b>0 - 15</b>	20	25 - 30	35 - 40	45 - 50	> 50
<b>Your Worst score</b>	<b>5</b>	10	10	15	20	-
<b>Your Rating is</b>	<b>5</b>	4	3	2	1	0

Your Food Hygiene Rating is 5 - a very good standard

### 1. Food Hygiene and Safety

Food Hygiene standards are excellent. You demonstrated full compliance with legal requirements. You have safe food handling practices and procedures and all the necessary control measures to prevent cross-contamination are in place. **(Score 0)**

#### Contamination risks

**Observation** I was pleased to see you were able to demonstrate effective controls to prevent cross-contamination.

#### Hand-washing

**Observation** I was pleased to see handwashing was well managed.

#### Personal Hygiene

**Observation** I was pleased to see that standards of personal hygiene were high.

#### Temperature Control

**Recommendation** The core temperature of cooked and reheated foods should reach 75°C for 30 seconds or an equivalent time and temperature combination.

**Observation** I was pleased to see you were able to limit bacterial growth and/or survival by applying appropriate temperature controls at points critical to food safety and that you were monitoring temperatures.

## **2. Structure and Cleaning**

The structure facilities and standard of cleaning and maintenance are all of a good standard and only minor repairs and/or improvements are required. Pest control and waste disposal provisions are adequate. The minor contraventions require your attention. **(Score 5)**

### Cleaning of Equipment and Food Contact Surfaces

**Observation** You had dedicated equipment for the preparation of raw and for ready-to-eat foods.

### Cleaning Chemicals / Materials / Equipment and Methods

**Information** You must ensure that the sanitisers you use are effective against bacteria. Ensure that they meet the following standards BS EN 1276:1997 and 13697:2001.

### Maintenance

**Observation** I was pleased to see the premises had recently been refurbished.

### Facilities and Structural provision

**Observation** I was pleased to see the premises had been well maintained and that adequate facilities had been provided.

### Pest Control

**Observation** I was pleased to see that the premises was proofed against the entry of pests and that pest control procedures were in place.

## **3. Confidence in Management**

A food safety management system is in place and you demonstrate a very good standard of compliance with the law. There are some minor contraventions which require your attention. **(Score 5)**

### Type of Food Safety Management System Required

**Observation** You had a cleaning schedule and were monitoring and recording your fridge temperatures

**Information** As you are a new business you are permitted the flexibility of extra time to get your food safety management system up to the minimum legal requirements. You

must act on this now as your food hygiene rating score may be reduced to a maximum of 1 if the food safety management system does not fully meet the legal standard by the time of the next statutory inspection.

**Recommendation** Choose Safer Food Better Business as your food safety management system. It is simple to implement and requires a minimum amount of record keeping.

**Observation** You had colour-coded equipment and effective separation between raw and ready-to-eat food at all stages in your operation.

**Observation** You were monitoring (and recording) the temperatures of your fridges and freezers as well as the temperature of cooked/hot-held food and could demonstrate effective systems for controlling bacterial growth and survival.

### Food Hazard Identification and Control

**Contravention** Your food safety management system is not adequate in its scope and/or is not sufficiently detailed. Ensure your food safety management system is regularly reviewed, covers all of your food handling operations and that the controls in place at points critical to food safety are fully documented, monitored and verifiable. In particular address the following matters:

#### Traceability

**Observation** Your records were such that food could easily be traced back to its supplier.

#### Infection Control / Sickness / Exclusion Policy

**Guidance** UK Health Security Agency recommends that food handlers known or suspected to be suffering from a food-borne infection or gastrointestinal illness stay away from work until symptom-free for 48 hours.

**Observation** Policies were in place to prevent any infected food handler from contaminating food.

#### Waste Food and other Refuse

**Observation** You had measures in place to dispose of waste food appropriately and were employing the services of an approved waste contractor.
